To add/remove a moderator open settings-moderators.

Click “+” to add a new moderator to the list. Click Save button.

To remove moderator click "Delete". Click the Save button.

The screenshot shows the 'Best practices' app interface. At the top is a blue header bar with the text 'Best practices' and several icons: a refresh icon, a document with a plus icon, a star, and a checkmark. To the right of these icons is a search bar with the placeholder text 'Search' and a magnifying glass icon. Further right are three more icons: a line graph, a question mark, and a gear (settings). Below the header bar is a light blue bar with two dropdown menus: 'All practices' and 'All categories'. Below this is a table with the following columns: Name, Author, Category, Rating, and Status. The table contains two rows of data. The first row has a hamburger menu icon on the left, 'My practice 31' in the Name column, 'user A , Novus-HCM' in the Author column, '11.09.2024 21:56' in the Category column, a heart icon and a document icon in the Rating column, and a circular arrow icon in the Status column. The second row has a hamburger menu icon on the left, 'My practice 2' in the Name column, 'user A , Novus-HCM' in the Author column, '11.09.2024 14:49' in the Category column, a heart icon and a document icon in the Rating column, and a red circle with a slash icon in the Status column.

	Name	Author	Category	Rating	Status
☰	My practice 31	user A , Novus-HCM 11.09.2024 21:56		♥ 📄	🔄
☰	My practice 2	user A , Novus-HCM 11.09.2024 14:49		♥ 📄	🚫

Moderatos can perform the following actions:

- Delete, edit, archive any approved practices;
- Carry out the app settings.
