

Adding a PDF Lesson

When you click on the "Add Lesson" element, the add lesson card opens. The add lesson card contains the following elements and fields:

- Lesson title - required field.
- Lesson description.
- Lesson logo.
- Select the thematic section.
- Next, create the lesson itself. It can be created in the following formats: a) Video b) SCORM c) PDF (e.g., presentations) d) Longread.

To add a lesson in PDF format, go to the "Main Educational Material" section, select "PDF Lesson," and upload the PDF file.

The screenshot displays the LMS interface for 'Brisnika LMS My university'. The top navigation bar includes 'COURSES-PROGRAMS', 'TESTS', 'EVENTS', 'INSTRUCTIONS', and 'EXIT'. A search bar is present. The left sidebar lists various user profile options like 'Profile', 'My Rating', 'My Tests', 'My Courses', 'My Assessments', 'My Reviews', 'My Certificates', 'My Competencies', 'My Events', 'My Programs', and 'Individual Development Plan'. The main content area shows a 'Personal Account' section with a 'Survey 1063' titled 'Cats or dogs?' published on 04-01-2025 to 25-01-2025. The survey content includes a question 'Cats or dogs?' with radio buttons for 'Cats' and 'Dogs', a 'Send' button, and a 'Hide Me' checkbox. A 'Comments' section is visible below the question. The interface also features a 'Moderator Menu' and a 'Message settings' option.

Revision #1
