

Interface of the programs module

The module can be opened in the moderator's menu by clicking on the element

When clicked, the "Program List" tab opens.

The "Program List" tab contains the following elements:

- Element for creating a new program

All Programs

Templates for Groups

For New Employees

- Program Filter

- List of current programs

Each program contains:

- Element for copying the program

- Element for deleting the program. Only unpublished programs can be deleted. If the program is published, it cannot be deleted:

Revision #1
