The assessment results are presented in the form of a table with the assessments given by each evaluated for each competency.

The application automatically generates a diagram.

In addition, in the Reports section, by selecting the 360 Assessment report, the moderator can build reports for several employees and download them to pdf or excel formats.

You can delete the answer of one or more assessors. To do this, click the "Delete answers" button

 Delete Answers

and select those whose answers will be deleted.
