

Coordination and approval of the profile

After sending for coordination, the profile will appear in the Personal Account of the approver in the My competencies tab.

For coordination and approval, the slider must be switched to the active state

The coordination occurs in parallel, all those who approve can see it in their personal account, but until everyone has coordinated it, the one who approves it cannot approve it.

Publication and display in your personal account.

After coordination and approval, the profile is automatically transferred to the Published status.

If the Profile does not have coordinators and approvers, it can be published immediately.

Revision #1
