

Feedback form

The application allows creating Feedback Forms (FF) for tests, courses, events, programs, and knowledge base materials.

By default, the application already has a Feedback Form (FF) and it is used for all 4 types of events.

An unlimited number of Feedback Forms (FF) can be created. However, at any specific time, only one Feedback Form (FF) can be active for each type (courses, tests, events, programs).

To add a new Feedback Form (FF), click on the "Add Feedback Form (FF)" item.

To change the name of the Feedback Form (FF), click on "Change name to save", enter a new name, and click "Save".
