

Feedback form

In the application, you can create feedback forms for tests, courses, and external/face-to-face events.

By default, the application already has a feedback form and it is used for all 4 types of events.

You can create an unlimited number of forms. But at a specific time, only one form can be active for each type (courses, tests, events, programs).

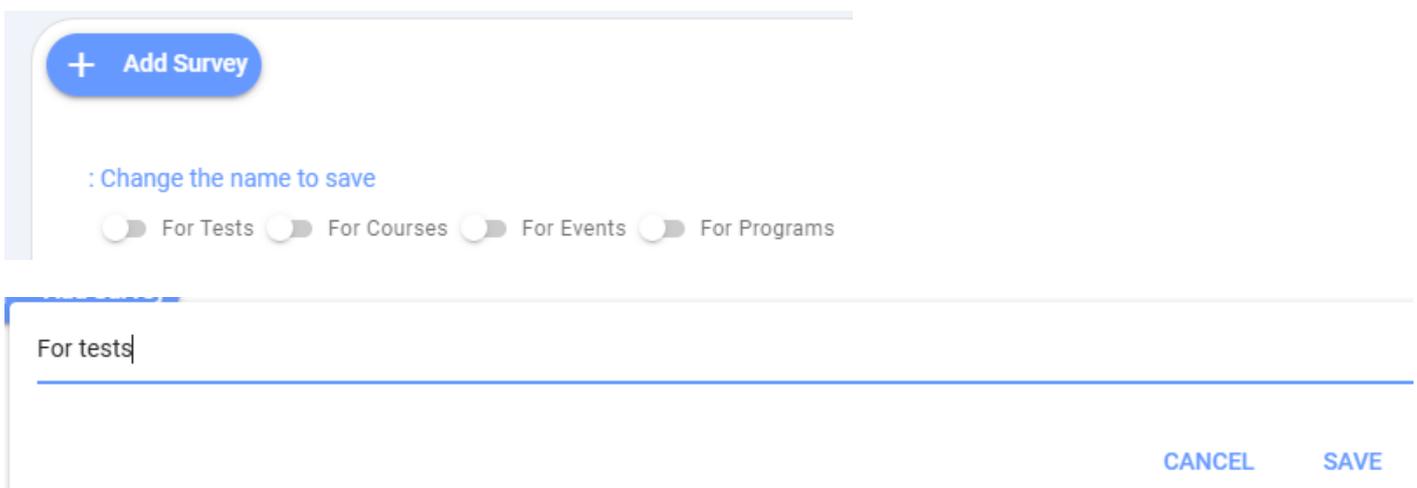

To add a new form, click on the "Add survey" element.

The screenshot shows the 'My Rating' section of the Brusnika LMS interface. The user's profile is displayed with a score of 121. Below the profile, a table shows the 'Score Points' for various actions:

Date	Entity	N	Name	Points
2025-01-23	Comment	45	Comment	6
2025-01-23	Comment	58	Comment	6
2025-01-22	Test	760	Test 4	10

To change the name of the questionnaire, click on "Change the name to save", enter a new name and click "Save".

The screenshot shows the 'Add Survey' form. The form has a blue button labeled '+ Add Survey'. Below the button, there is a text input field with the placeholder text ': Change the name to save'. Underneath the input field, there are four toggle switches for selecting the survey type: 'For Tests', 'For Courses', 'For Events', and 'For Programs'. The 'For Tests' toggle is currently selected. At the bottom of the form, there are two buttons: 'CANCEL' and 'SAVE'.

Select for what type of event the form will be used:

For Tests For Courses For Events For Programs

Make changes to questions directly in the fields

☰ 1. ✕

Move questions up and down by grabbing the elements near the numbers with your mouse
