- Author displayed as a hyperlink to profile, department of an employee, idea name, date and time of adding / editing an idea.

- a heart means a like. Any employee can like any idea.

Or another version of the evaluation is possible:

- score with a 5-point scale.

Evaluation options are changed in settings.

If you had a rating system in likes and you switched to star rating then each like is transformed into 5 stars, no likes - 0 stars.

If you had a rating system in stars and you switched to a rating in likes, then at least one star is transformed into a like (2, 3, 4, 5 stars are also transformed into one like), 0 stars - 0 likes.

It is possible to evaluate from the list of ideas and from idea card. One employee can rate only once. It is possible to cancel evaluation.
