

Who can create contests

Application has the ability to determine who has the right to create [contests](#) - only moderators or all users.

The image shows a settings interface with a light blue background. On the left, there is a label 'Who can create contests'. To its right is a dropdown menu. The dropdown menu is currently open, showing two options: 'Moderators only' (highlighted in blue) and 'All users'.

Who can create contests
Moderators only
All users
