

Editing course/test assignments

To edit a course, click on the name in the list of assignments - the course will be opened for editing. After making changes, click the Save button.

The screenshot displays the 'University' interface. At the top, there is a blue header bar with a 'University' label, a 'Quick Search' input field, and navigation links for 'COURSES-PROGRAMS', 'TESTS', 'EVENTS', and a settings gear. On the left, a sidebar lists various user options: Notifications, Profile, My Rating, My Tests, My Courses, My Groups, My Assessments (with a red '2' badge), My Reviews (with a red '1' badge), My Certificates, My Competences, My Events, and My Programs. The main content area is titled 'ASSIGNMENTS' and includes a sub-header 'PROGRAM ASSIGNMENTS', 'PROGRAM RESULTS', and 'ASSIGNMENTS'. Below this, there is a table with columns for 'Name', 'Start Date, end', and 'Action'. The table contains one entry: 'My assignment 1' with a start and end date of '2025-02-21 : 2025-02-26'. A green checkmark icon is visible in the top right corner of the table area, and a plus icon is in the top right corner of the main content area.

Name	Start Date, end	Action
My assignment 1	2025-02-21 : 2025-02-26	

Revision #1
