

Feedback form

In the application, you can create feedback forms for tests, courses, and external/face-to-face events.

By default, the application already has a feedback form and it is used for all 4 types of events.

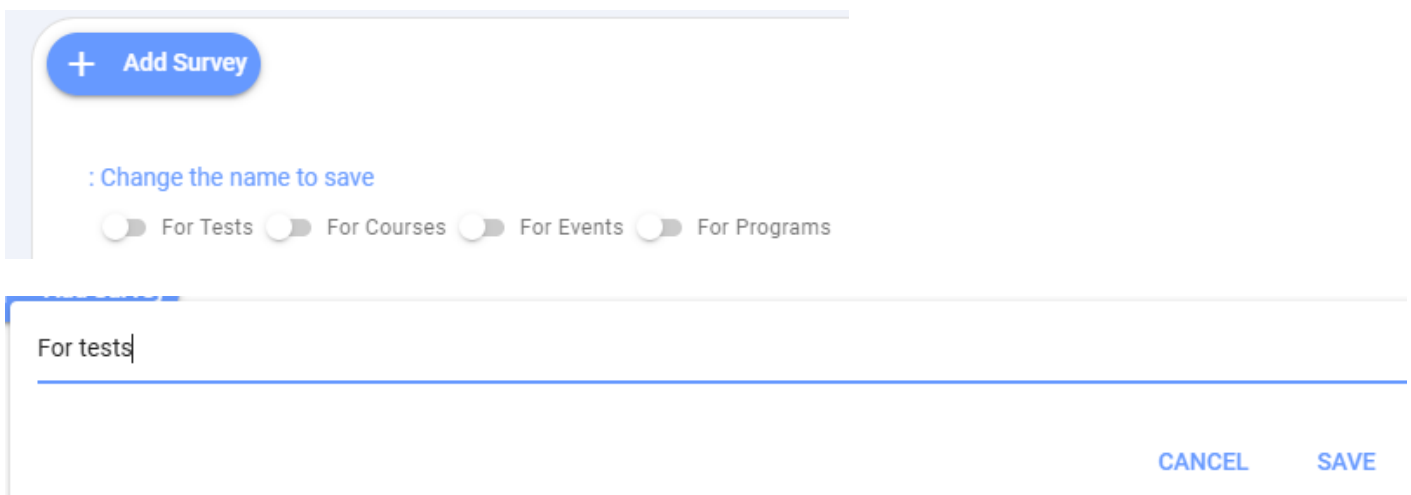

You can create an unlimited number of forms. But at a specific time, only one form can be active for each type (courses, tests, events, programs).

To add a new form, click on the "Add survey" element.

The screenshot shows the 'University' application interface. The top navigation bar includes a menu icon, the word 'University', a 'Quick Search' bar, and icons for 'COURSES-PROGRAMS', 'TESTS', 'EVENTS', and a settings gear. The left sidebar contains a list of navigation items: Notifications, Profile (selected), My Rating, My Tests, My Courses, My Groups, My Assessments (with a red '4' badge), My Reviews (with a red '1' badge), My Certificates, My Competences, and My Events. The main content area displays the 'Profile' section for '[26] Maria Test S'. It includes sections for 'Work Experience and Education' (with a sub-section 'Experience' and a text input field labeled 'Your work experience in reverse chronological order'), 'Education' (with a text input field labeled 'Completed educational institutions, courses, trainings with dates of study in reverse chronological order'), and 'External Certificates' (with an 'Upload' button).

To change the name of the questionnaire, click on "Change the name to save", enter a new name and click "Save".

The screenshot shows the 'Add Survey' dialog box. It features a blue button with a plus icon and the text 'Add Survey'. Below the button, there is a text input field with the placeholder text ': Change the name to save'. Underneath the input field, there are four toggle switches labeled 'For Tests', 'For Courses', 'For Events', and 'For Programs'. At the bottom of the dialog, there are two buttons: 'CANCEL' and 'SAVE'. The text 'For tests' is visible in the input field.

Select for what type of event the form will be used:

☒ For Tests ☐ For Courses ☐ For Events ☐ For Programs

Make changes to questions directly in the fields

≡ 1.

The program fully corresponded to the assigned training tasks

×

Move questions up and down by grabbing the elements near the numbers with your mouse

≡ 1.

≡ 2.

The program fully corresponded to the assigned training tasks

The topic is relevant for my current and or future tasks

×

×

You can delete unnecessary questions

≡ 1.

The program fully corresponded to the assigned training tasks

×

You can add the required number of new questions.

The answers are edited in a similar way.

After developing the questionnaire, you can see how it will look for the user.
