# Feedback form

In the application, you can create feedback forms for tests, courses, and external/face-to-face events.

By default, the application already has a feedback form and it is used for all 4 types of events.

You can create an unlimited number of forms. But at a specific time, only one form can be active for each type (courses, tests, events, programs).

To add a new form, click on the "Add servey" element.
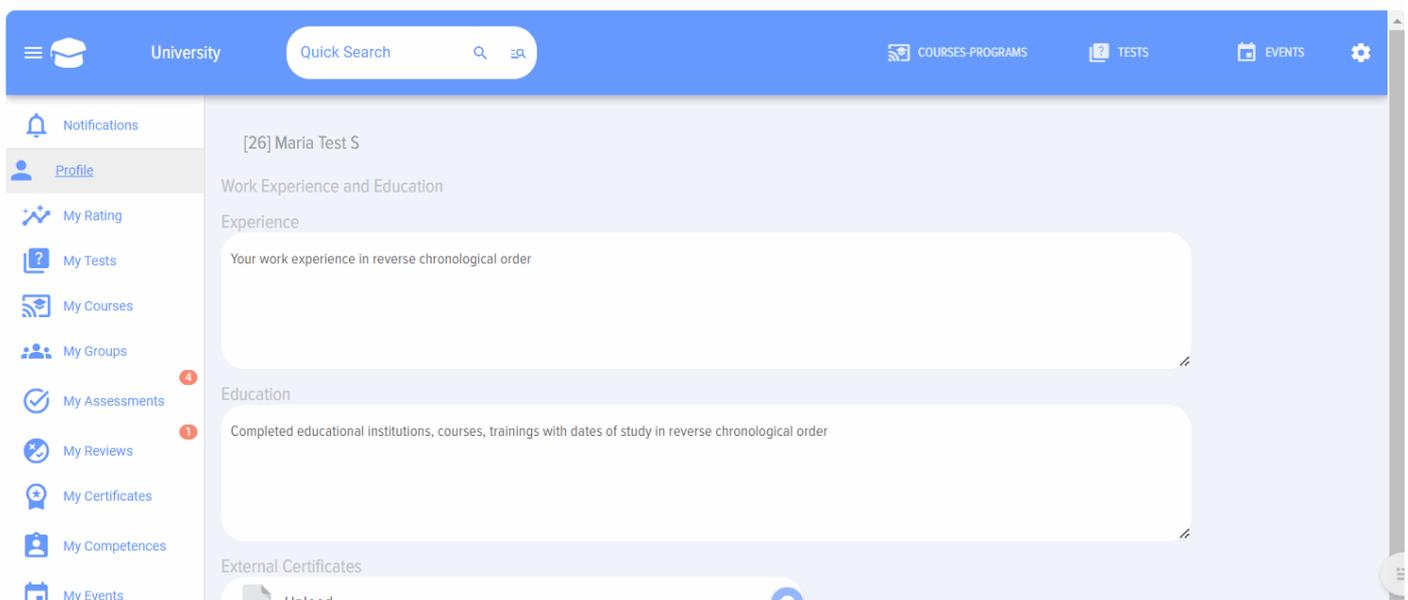

To change the name of the questionnaire, click on "Change the name to save", enter a new name and click "Save".
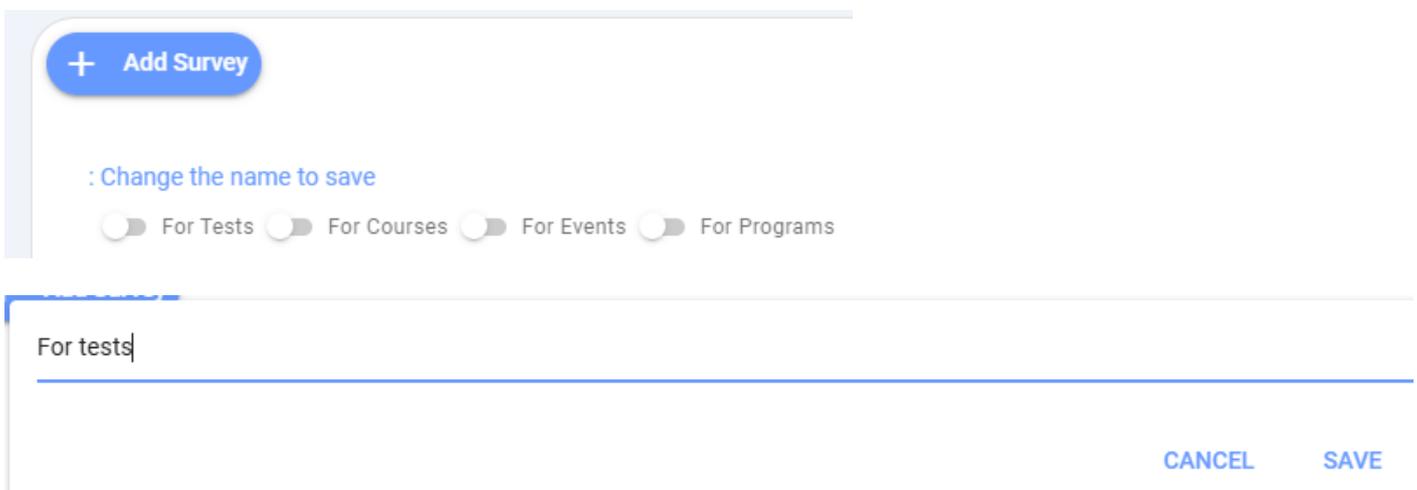

Select for what type of event the form will be used:

For Tests   For Courses   For Events   For Programs

Make changes to questions directly in the fields

≡ 1.   The program fully corresponded to the assigned training tasks   ✕

Move questions up and down by grabbing the elements near the numbers with your mouse

≡ 1.   The program fully corresponded to the assigned training tasks   ✕

≡ 2.   The topic is relevant for my current and or future tasks   ✕

You can delete unnecessary questions

≡ 1.   The program fully corresponded to the assigned training tasks   ✕

You can add the required number of new questions.

The answers are edited in a similar way.

After developing the questionnaire, you can see how it will look for the user.
