

# Interface of the programs module

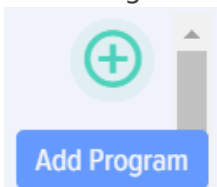

The module can be opened in the moderator's menu by clicking on the element

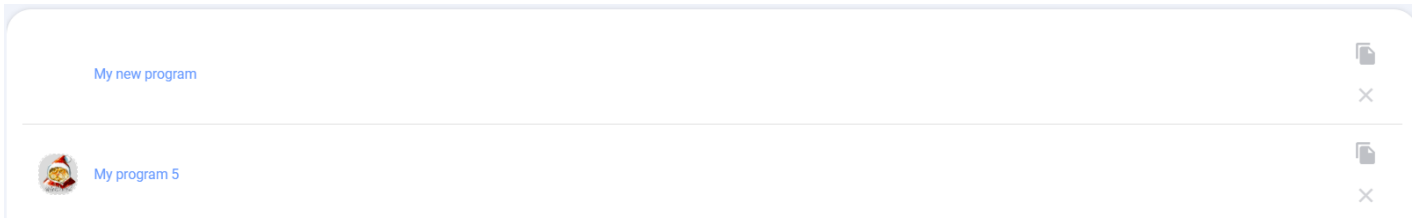

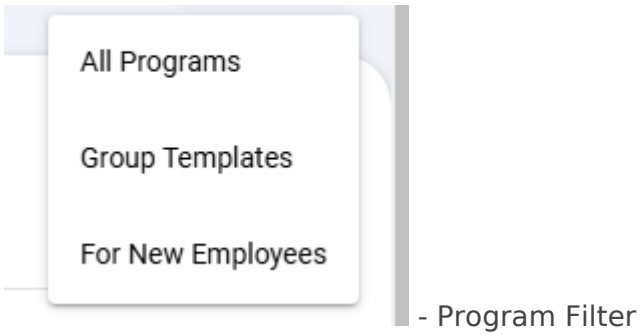

When clicked, the "Program List" tab opens.

The "Program List" tab contains the following elements:

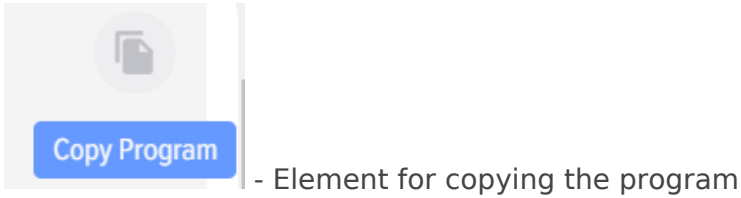

- Element for creating a new program

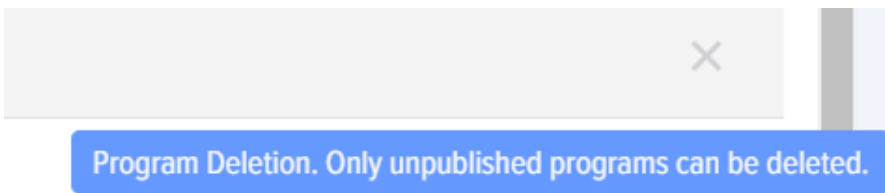

- List of current programs

Each program contains:

✕

- Element for deleting the program. Only unpublished programs can be deleted. If the program is published, it cannot be deleted:

Revision #1
