

Intermodule work

The standard functionality of Bitrix Groups allows you to organize a full-fledged intermodule work. Including in groups , you can:

- Write questions, discuss the topic of the course/test in the "Message" tab;
- Organize a survey on the topic of training/testing in the "Survey" tab;
- Create a knowledge base, library, add additional methodological materials on the topic of the course/test in the "File" tab.
- For more details, see the instructions <https://helpdesk.bitrix24.com/section/47484/>
