

# My tariff. Subaccounts

1. Subaccounts allow you to organize training for an unlimited number of users under one Bitrix24 account (license).
2. In particular, you can organize training for an unlimited number of extranet users under one account.
3. The current tariff plan is indicated above.
4. You can choose a demo tariff once and test the functionality of sub-accounts.
5. Select a tariff plan, fill out an application, then pay for the subscription (we will send you payment instructions by email). After receiving payment, we will activate your tariff plan.
